CYBER CRIME PROTECT & PREVENT

TOP TIPS

- **Make passwords using THREE RANDOM WORDS: Penc!ITig3rShOrt**

- **Use a strong and separate password for your emails!**

- **UPDATE your Apps and devices!**

- **Never share WhatsApp codes! - Sometimes criminals will try and trick you into sharing verification codes you receive via SMS. This then allows them to takeover your account.**

- **Check your LOCATION settings in accounts.**

- **NEVER click on a link in a suspicious or unexpected email / text.**

- **Set accounts to PRIVATE.**

- **Only accept friend and follow requests from people you know.**

- **Look out for fake QR codes!**
